Atendiendo las necesidades del mercado infantil, juvenil y adulto Gabín propone su nueva línea de persianas, contando con un catálogo extenso en modelos para bebés, niños, niñas, adolescentes y una línea para el adulto que tiene espacios horizontales es adecuado elegir una imagen panorámica.

- Para una persiana en formato vertical considerar diseños con un elemento central, que sea el protagonista de la imagen.

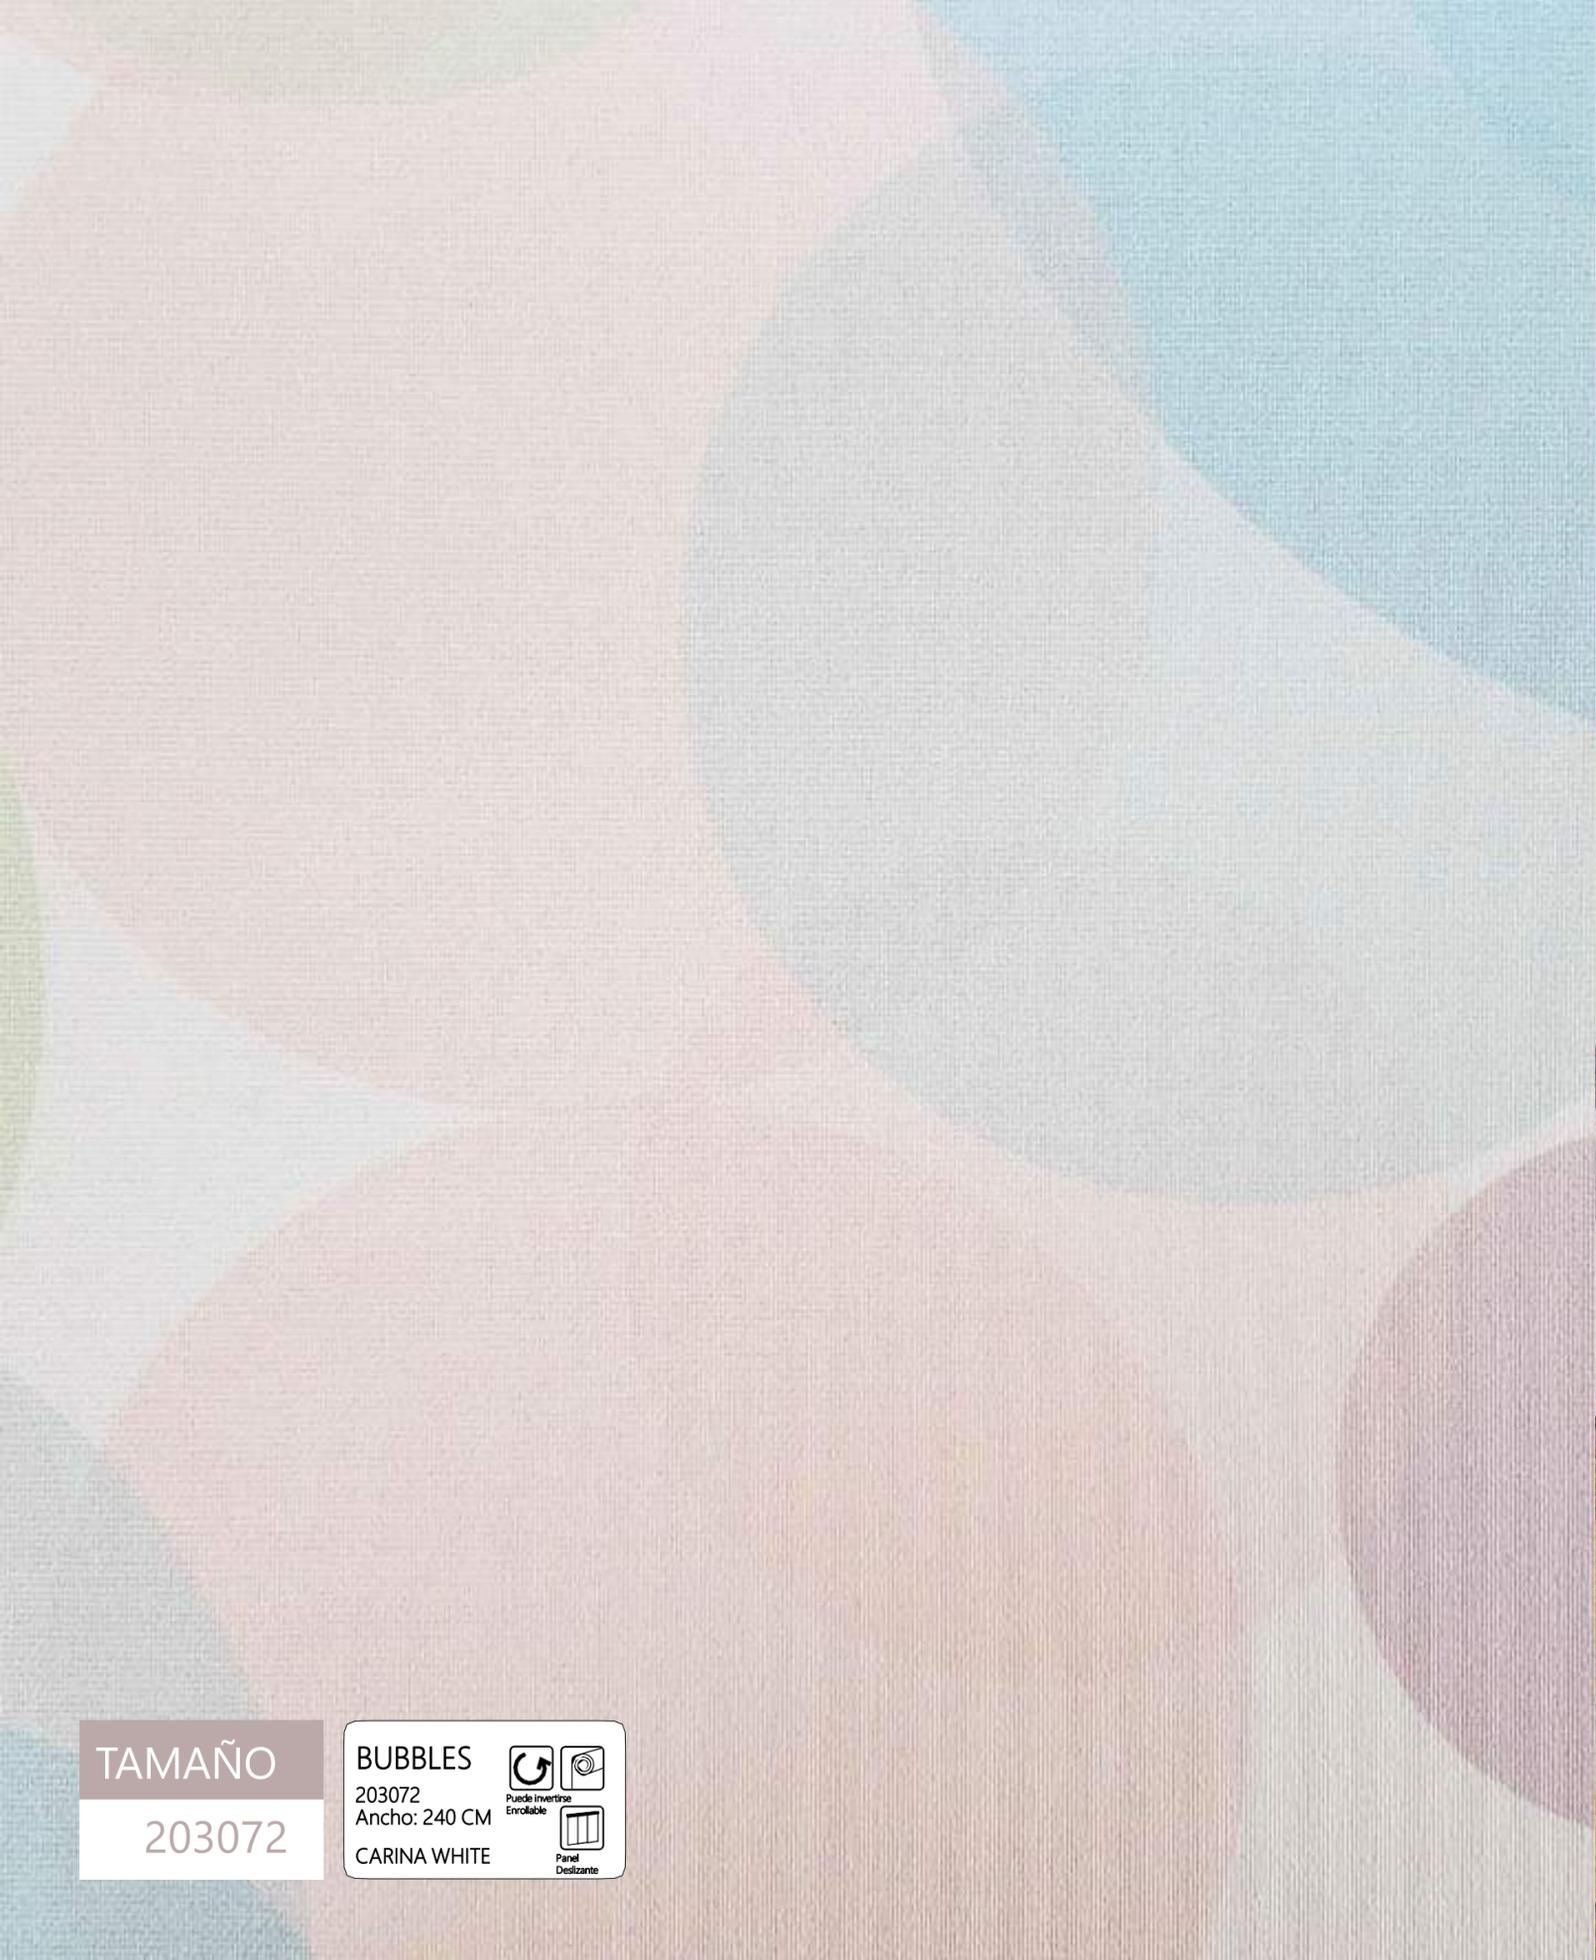

- En el ejemplo siguiente se observa como el elemento central que es el Golden Gate no pierde su protagonismo y solo el panorama a su alrededor es el que se ajusta al encuadre. Diseños realizables para persiana enrollable y panel deslizante.

La impresión de estos diseños se realiza solo en los siguientes tejidos: **Blackout:**
